EDMONTON TO WINNIPEG 775 MILES

Important Meeting of Grand Trunk Pacific Directors in Montreal—Line to Edmonton Will Be Completed in 1907.

Montreal, Nov. 3.—An important meeting of the G.T.P. directors was held last evening. It was stated that the company had \$30,000,000 to its credit in London, the proceeds of bond issues and that none of the transcontinental lines ever commenced construction under such favorable conditions. The announcement was also made that as far as the company was concerned profiles are ready and location has been determined upon all the way to Edmonton and were it not for a certain delay this section would also be placed under contract immediately. The statement is made definitely that the G.T.P. will be in the hands of the contractors from Lake Superior to the Saskatchewan before the end of the year. The company is now able to announce that they have secured a direct line from Winnipeg to Edmonton 775 miles comprising 56 from the Manitoba capital to Portage la Prairie, 275 from there

to the Touchwood Hills, now under contract, leaving 441 miles to Edmonton. This will be completed by mid-summer 1907. It had been asked why the Grand Trunk Pacific began work at Portage instead of Winnipeg. The answer was that if the Canadian Northern would double their track from Winnipeg to Portage la Prairie the Grand Trunk Pacific sees no reason why a third line should be built and that they are ready to secure running rights over the Mackenzie & Mann road. If this cannot be done the G.T.P. will go ahead and fill the gap on their own account. The question of joint terminals in Winnipeg between the Canadian Northern and the G.T.P. has not yet been worked out but the statement is made that an agreement will likely be reached. All thoughts of joining forces have been abandoned but both companies have reached the decision to work harmoniously together.

HON. H. R. EMERSON

IS IN EDMONTON TO-DAY

Minister of Railways Touring the West Inspecting the Proposed Line of the Grand Trunk Pacific.

Hon. H. R. Emerson, Minister of Railways and Canals arrived in the city last night in his official car. Mr. Emerson came over the Canadian Northern from Winnipeg and was greatly struck with the progress made by the railway, and with the condition of things in general. He came from Ottawa for the purpose of inspecting the survey lines of the Grand Trunk Pacific from Winnipeg to Edmonton, especially that section of the road west of the Touchwood Hills. From Edmonton he will proceed to the coast, where there are railway matters for his consideration.

Mr. Emerson is accompanied on his trip by Mr. and Mrs. H. C. Read, Sackville, N.S. Mr. and Mrs. J. E. Deacon and Mr. and Mrs. J. H. Hickman, Toronto.

Mr. Collingwood Schreiber chief engineer of the railway department came in on Wednesday. He is accompanying the Minister on his Western trip. Mr. Schreiber is accompanied by his niece Miss Lewis and Miss Crowley.

Mr. Emerson drove from the end of the steel on the Canadian Northern to Edmonton. To a representative of the Bulletin, the minister said that splendid progress was being made in the construction of the road, the steel being laid at the rate of about 3 miles a day. "The C.N.R. have a splendid road," he said, "and the country they traverse is most magnificent."

Mayor McKinnon entertained Mr. Emerson and his party and drove them around the city this morning. This afternoon the party are spending in a drive to Clover Bar.

The Campaign

Another rousing rally was held in the Liberal Club rooms last night. R. J. Manson was in the chair and there was a program of music and songs. The speakers were Dr. Strong, Dr. Forin, J. R. Brinton and others, all of whom made stirring speeches.

At St. Emile, in Sturgeon constituency, a meeting was held on Wednesday night by John R. Boyle, the Liberal candidate. Those who spoke were A. M. Deschene, Mr. Landry and Mr. Boyle. There were forty-seven men present and every one of them pronounced his intention of voting for Boyle on Nov. 9th.

Mr. Boyle addressed a lively meeting last night at Creuzot, and will speak at St. Eugene tonight.

NOVEMBER STORMS

SWEEP THE GREAT LAKES

C. P. R. Steamer Alberta Fifteen Hours Over-Due at Fort William

Fort William, Nov. 3.—The Canadian Pacific steamer Alberta, with passengers and freight from Owen Sound, is fifteen hours overdue. A fierce storm has raged on the Lakes for forty-eight hours.

FIRE THE BAND

Winnipeg, Nov. 3.—Captain Lavie, Governor of the Provincial jail was buried today by thearrison. The only regiment that did not turn out in force, however, was the 90th regiment which only had a few men on parade out of 100. Col. Chamber the officer commanding got mighty wrath after the parade and immediately issued orders dismissing the regimental band forty strong.

THE DIFFERENCE

Strathcona, Nov. 3, 1905.

To the Editor of the Bulletin: Kindly permit me as an independent elector, to express my views on the present political contest for the control of the first Provincial Government of Alberta. I have had the pleasure of hearing three of the political leaders, the Premier, Hon. Cuddeford and Mr. R. C. Bennett express their views from the public platform. The Hon. Mr. Cuddeford is by no means, as he says, a polished speaker, yet while he speaks he impresses you with the fact that he is a practical, everyday, business man and as one who would make a careful and capable head of a department in the Government.

Our forensics and poetic friend, Mr. Bennett, who aspires to be the premier of this great Province, is an individual of an altogether different style, a fluent, ready speaker of the racy Bryan type and has in a marked degree the faculty of saying a multiplicity of words which means anything or nothing, just as you like to take it in the comic or serious vein.

Hon. Mr. Rutherford, on the other hand, while he does not shine on the platform as the Calgary star player, yet leads you to believe that the speaker is prudent, far-seeing, logical and truthful in his statements and has more principle than poetic sentiment and has a good grasp of the political problems of the day.

The Premier's speech here the other evening, was eminently practical and showed plainly that he was thoroughly conversant with government affairs, and was fully aware of the great responsibility thrown upon him to form the first administration of this great western Province. In conclusion I would ask the free intelligent electors of Alberta to use their votes and influence for the clear-cut, definite business-like policy of the Rutherford Government rather than for the uncertain, experimental, unstable, mythical policy of the Bennetts.

TARIFF REVISION

WILL BE PROCEEDED WITH

Tarif Commission Will Prosecutive Enquiry to Secure all Evidence Possible

Ottawa, Nov. 2.—There was a meeting of the cabinet this afternoon. It was decided that the tariff commission will resume work at Montreal, on November 7 and 8 of the present month. The ministers will return to Ottawa on the 9th, the King's Birthday and attend a state dinner at Rideau Hall. If necessary the commission will return to Montreal on the 10th to take additional evidence. The following week the commission will sit in Toronto. The intention of the commission is to prosecute the enquiry with all possible despatch and the intention of the Government is to go on with revision at the approaching session of Parliament. The Minister of Finance made this statement after today's cabinet meeting.

WEATHER

Winnipeg, Nov. 3. The weather has been fine and comparatively mild. There were light scattered snow falls in Manitoba.

The Eye Opener Goes After the Conservative Leader in a Free and Easy Fashion

In the last issue of the Eye Opener, the editor, R. C. Edwards, publishes a very interesting open letter to R. B. Bennett.

I notice that you frequently use the expression, "If I am elected Premier of the Province." What makes you do this? You are only Conservative leader pro tem, are you not, don't it, yes? It is quite on the cards that Dr. Brett, a leader of long experience and a "fearful" handle of men, will be selected by the valiant Tories to boss their end of it in the House. You seem to forget that there are others. You undoubtedly possess the faculty of winning men's admiration on the platform, but you seem unable to hold your supporters as loyal friends. Until you learn to do this you will fail as a leader. In other words, you ignore the element of personal equation. Your love for Bennett and your interest in his advancement transcends everything else, shutting out friendship with your heart and bidding you ship with cold, calculating eye on your fellowman.

When you see a couple of gentlemen and a lady walking down the street you unconsciously say to yourself, "There goes Mrs. So-and-So, accompanied by two voters." You may know the gentlemen intimately, but you they merely represent two votes for or against yourself. The people at large are in existence solely to listen to your silver-tongued oratory and to act as stepping stones for you to higher things. The people are a useful lot of brutes, are they not?

The quality of your personal regard for the people of Calgary may be gauged by the fact that in local fights between the public and corporation commissioners, you line up with the corporation. In seeking votes from the masses you evince the utmost concern for their material welfare, your plausible tongue and adjustable manner lending a marvelous resemblance of earnestness and sincerity to your words; but, between times, in your professional capacity you assist in their organized rapacity, guiding them in their ghastly avocation of preying upon the helpless public.

If you really wish some day to become premier of the Province—and your brilliant abilities would enable you to hold down the job with ease, aplomb and sine qua non, to say nothing of the plus ultra—you better begin blazing the trail by chopping out your corporation connections. The people don't mind what you do as long as you are an ordinary Jack before the mast in opposition, but they won't stand for a premier-in-pose whose duty it is highly remunerative in the private life to whisper in the ear of growing monopoly to the disadvantage of themselves and their pockets.

In order to reach your goal you will have to cut loose from the grasping C.P.R. and the Bell telephone monopoly. Such outfits also as the I. K. Kerr electric lighting monopoly (which you strove to uphold as against municipal ownership, but failed you had better cut out as well as such questions as the propositions of the natural gas company. All these concerns are bent on soaking the people, and it is curious that they will run to you for guidance.

Your connection with the C. P. R. has been a misfortune for you and will be for your undoing in the first place, your constant contact with railroad magnates and high private car officials of the road has given you the disease known as cupit magnam or big head; while in the second place the applause which your public appearance has justly elicited has served but to foster and magnify this malignant disease. You care little for social contact with your fellows. No doubt you realize that you are out of sympathy with them and therefore deem it wiser to remain in your shell, mysterious and inscrutable, until the periodical recurrence of some special fine night occasion when you come forth and warble, withdrawing immediately after performance into your shell again, to cogitate and contrive ways and means for the grinding corporations.

You deny the big head? Listen. A friend of yours met you not so long ago in the office of the highest railroad official in Calgary. You were too self-important and consequent on that occasion to recognize him in the presence of this imposing official (who was only Jack Dennis after all); but a few days later you met the same friend who happened to be chatting with the newsy of a train on the depot platform and you at once entered into a friendly conversation. In some people this differentiation in situations would be accounted nothing, but in your case it is nothing worse than cupit magnam. You have got to get over this sort of thing Bennett.

Do not keep your gentility and social pleasantness for anti-election purposes. You can be most companionable when the mood strikes you, but it strikes you about as often as lightning strikes the same tree. When you wish to give the glad hand and greet a laboring man (family) by his first name, select any time rather than just before an election and it will be better appreciated. The

average man is quick to recognize the pitiable insincerity of a candidate's effusiveness, and the really intelligent man keenly resents being sized up for a damned fool.

Then again my dear Bennett, you failed the other night to enlighten your audience satisfactorily as to your attitude toward railroad competition from the outside with the C. P.R. There was a mental reservation in your words which mystified many of your listeners. Why did you not come right out and say that you would favor aid to the best of your ability to the railway? All other candidates have expressed themselves very frankly upon this point and you are surely no better than they all.

You condescended to state that you had spoken in favor of railroad competition seven years ago and that you now stood by what you then said. No one remembers what you then said. Your reply sounded all right as far as sound goes, but as an answer to the most important question of the hour it was singularly unsatisfactory and betokened lamentable half-heartedness. When the matter comes up before the legislature your native gift of word-juggling and innuendo may enable you with apparent consistency to oppose Jim Hill's entrance into Alberta with tooth and nail. For all we are assured to the contrary, you may jump up and apostrophize the House like this:

"What! Allow a foreigner to come into our fair Province and drain us of our resources, deprive us of our riches and ship our products over foreign soil? Never! I did express myself in favor of railroad competition and I still favor it, but not beyond the border, not beyond the border, Canada for the Canadians. First last and all the time! Is our great Canadian Pacific railroad, that thin-white-hand-of-steel—stretching—from the Atlantic on the east to the Pacific on the west—which binds in one harmonious whole this glorious heritage of ours—to be deprived of its rightful earnings by an intruding foreigner? Mr. Speaker, if that immortal, sublime and revered man, John A. Macdonald, were to rise from his grave and contemplate this attempted rape on his gigantic enterprise, he would view this assembly both in sorrow and in anger. Even now his spirit cries aloud, tumpity-umpity—tumpity-umpity, etc., etc."

But the people are in favor of J. J. Hill being extended every facility to come into this country. Mr. Bennett, and long before you reach power he will be right here. The Conservative argument in favor of Mr. Hill is not a bad one. The temper of this country won't stand for any more nonsense and the day is not far distant when the people of Calgary will be benefiting by living prices for the necessities of the home and the comforts of civilization.

Now, my dear Bennett, I bid you a very good day. Chuck a brace and don't feel your oats so much. Get down off your perch occasionally and mingle with common folk, for it is to them that you owe your present position. Don't be vain glorious. Vain glory on your part can only lead to one dreadful catastrophe—that of being regarded as the Harold Nelson of western politics.

FISHERY MIX-UP

NEWFOUNDLAND TROUBLE
AGAIN

Attempt to Violate the Fisheries
Realtions Frustrated by Cruiser

St. John's, Nfld., Nov. 3.—Another serious complication arose in the fishing situation when the steamer *Active* carrying local fishermen sailed with the intention of proceeding outside the three mile limit and there transferring the fishermen to American vessels on which they would ship. The Colonial Cruiser *Riona* chased the *Active* and threatened her with seizure if she went beyond the limit without papers. The *Active* thereupon returned. The customs officers refused to grant clearance papers except for a home fish voyage. The Americans are indignant and threaten to appeal to Washington for a warship. The British cruiser *Latona* is patrolling the bay to prevent collisions.

FINNISH SITUATION

Helsingfors, Nov. 1.—The proclamation of civil liberty in Russia was followed today by the announcement of the return of a constitutional regime in Finland, and the abolition of the arbitrary conditions under which Finland has been governed since the accession as governor-general of Count Bobrikoff, who in June of last year was killed, the assassin afterwards committing suicide.

After a meeting of constitutionalists today, at which an address was drawn up for presentation to the government demanding the administration of Finland in accordance with the terms of the constitution of the Grand Duchy, Prince John Obolinsky, the governor-general, announced that he had been instructed from St. Petersburg that the diet be immediately called in extraordinary session to legislate for Finland.

The members of the senate who had continued to perform their functions under Bobrikoff and Prince Obolinsky all handed in their resignations to the emperor, and the fact of the resignations was telegraphed to St. Petersburg.

Among the demands of the constitutionalists is the reform of the diet into a universal assembly to be chosen at general elections by all citizens of mature age and the first duty of which shall be the preparation of new laws for Finland. Owing to the strike the town is in darkness.

ST. PETERSBURG DISTURBANCES.
St. Petersburg, Nov. 2.—Disturbances continue with unabating strength throughout Russia. There was a disturbance in the capital when the troops were called out to disperse the demonstration. Troops surrounded the university and also cordoned the Polytechnic institute to prevent further demonstrations. In spite of the rain an immense concourse of people gathered in front of Kazan cathedral prior to the official thanksgiving service, but were dispersed by mounted gendarmes and snipers of infantry.

A few court chamberlains and officers of the guard comprised the remainder of the official attendance. Not a single foreign diplomat although all of them were invited to this function was present, and few of the public attended the service. Moscow, to which the eyes of the empire now turn, naturally for guidance, has upon the whole received the imperial manifesto splendidly. The liberals, it appears, will be contented if its provisions are executed in a proper spirit. The people generally have abandoned themselves to rejoicing though there were a number of clashes and fatalities.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

Hard rubbing and boiling are things of the past in homes where Sunlight Soap is used as directed.

Sunlight Soap will not injure even the daintiest fabric or the hands, and the clothes will be perfectly white, woollens soft and fluffy.

The reason for this is because Sunlight Soap is absolutely pure, contains no injurious chemicals—indeed, nothing but the active, cleansing, dirt-removing properties of soap that is nothing but soap.

Equally good with hard or soft water.

"CAN ARRANGE YOUR CARTICKET"

The Relation of the Conservative Candidate in Victoria
With the C. P. R. Revealed in the Letter of a Prominent Supporter

The Alberta Conservatives are strenuous scribblers and are making names for themselves as literateurs. The epistles of Mr. Knight, Conservative candidate in the Sturgeon on the school question are already famous, and will find conspicuous places in the permanent records of the first Provincial campaign. But Mr. Knight is not to monopolize the honors of originating political epistles. A new aspirant has appeared on the scene with the following contribution:

Soda Lake, Alta., Oct. 23, 1905.

Dear Nicolai:

Your very kind letter came to hand safely and I wish to thank you for your goodness.

The election is to be held on November 9th.

I do so wish you could be here to help me.

The Liberal men are working hard to hide what are the real issues—working hard to deceive—and I am sorry that many are believing the things (lies) that are told.

If you really cannot come home, please write your uncle, telling him that most Englishmen want Mr. SHERA and that he is the best man, also any others that you know out here.

Mike Chrapko is home, but I haven't seen him yet.

But do try to come, and SHOULD MR. SHERA BE ELECTED, as I hope he will, I think I CAN ARRANGE ABOUT YOUR CAR TICKET, AND ALSO YOUR TROUBLE.

Very truly Yours,

ARTHUR M. BOUTILLIER.

This letter was written to an elector of the Victoria constituency

who was working on the railway at Kamloops and the author is the leading supporter of Mr. SHERA in the Soda Lake, district. It is apparent from the tone of the letter that Mr. SHERA is being hard pressed in that part of the riding and help was needed and needed badly—so badly that the author thought HE COULD ARRANGE ABOUT THE CAR TICKET FOR THE ELECTOR PROVIDED MR. SHERA WAS ELECTED. If he became a member of the Provincial Parliament all would be well, but if he were defeated Nicolai must pay his own car fare. In other words IF THE CONSERVATIVE CANDIDATE IN VICTORIA WERE PLACED IN A POSITION IN WHICH HE COULD BE OF SERVICE TO THE C. P. R. THE TICKET COULD BE ARRANGED—but should he fail to attain such position it was not certain that the gratitude of the C. P. R. for the attempt would be equal to ARRANGING transportation for his supporter.

Apparently the "corporation connections" of Mr. SHERA's leader, are capable of bearing fruit in the shape of rewards for faithful and successful service. Apparently also Mr. Bennett is not the only Conservative candidate in Alberta depending for success on the ability of the C. P. R. to "arrange" matters. Apparently also Mr. Knight is not the only Alberta Conservative who can write political letters.

monies, storesaid and all claims against the said partnership are to be presented to the said John A. Paul by whom the same will be settled. Dated at Edmonton this 19th day of October A.D. 1905.

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too. Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other."—L. Elder, Nanawau, Ont.

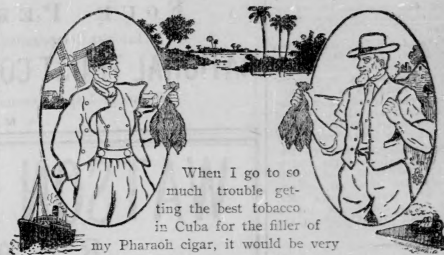

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell

When I go to so much trouble getting the best tobacco in Cuba for the filler of my Pharaoh cigar, it would be very short-sighted to spoil it with a cheap binder and wrapper.

Of course the binder and wrapper are only about 20 per cent. of the cigar, but I do not let that small portion drop below the high standard I have set for the other 80 per cent. of my

Pharaoh Cigar.

To hold the filler together I use a Connecticut broadleaf binder. This is the best binder money can buy.

I import direct from Holland a specially selected Sumatra wrapper—a genuine, clear leaf—the finest wrapper grown.

It is this personal care which I give to every detail in the manufacture of my Pharaoh cigar that makes it such a superior smoke. It is a full flavored, palatable, mellow cigar. Price 10c.

None genuine unless branded "Pha-ro."

WONDERFUL PROGRESS

Mr. Harrison Young, Fisheries Inspector, Returns From a Trip Through Central Alberta

Mr. Harrison Young, fisheries inspector, has returned to the city from an extended trip throughout the country as far south as Red Deer.

Starting from Edmonton, October 12, he drove to Wetaskiwin. It was three years since he was over this trail before. Ledue and Millett have both in that time grown the one to the dignity of a town, the other to a fair-sized and apparently prosperous village. From Wetaskiwin he went on to Red Deer on business in connection with a fishery in a dam erected by the "Blindman Electric Power Co." on the Blindman River. At high water stage they will have 20,000 horse power, at lowest stage 1000 h.p., with one turbine or 2,000 h.p. with two. Their purpose to furnish power to towns in the C. & E. line, and will start to work as soon as they get 150 horse power of orders.

Returning from Red Deer, Mr. Young went through to Buffalo Lake from Lacombe. The black bass put in the lake three years ago, are as far as can be learned, doing all right. None have been found dead and three trolled show satisfactory evidence of growth.

Buffalo is a great fish lake for coarse fish. Over 100 tons of fish must be killed there every fall, by hook and line through the ice, so that the lake forms a very valuable source of food to settlers.

Lacombe, for a place of its size has a good trade. There is a good hotel there and the Buffalo Lake Trading Co. which Mr. Jos. Edmondson now controls, have a fine store, which contains a stock quite equal to the requirements of a much larger place and displayed as in a city store.

At Buffalo Lake, a snow storm set in which lasted for 24 hours, and drove away the game. Chickens are rare this year in the districts visited. They are reported plentiful east of Camrose, but in most places are like angels' visits—few and far between.

From Buffalo Lake he drove by Duhamel and Dried Meat Lake to Camrose and then to Wetaskiwin. Mr. Jas. Pilon, formerly of Belmont is now guarding the fish in Dried Meat Lake.

Camrose is a thriving town and two elevators are being built there, judging by the stacks in every field and farm yard they will have all they can do.

From Wetaskiwin Mr. Young drove to Pigeon Lake. There is now a straight and good trail all the way. This lake will some day be a pleasure resort for residents of Wetaskiwin. A fine beach, good water, fishing and shooting, are all to be had there, and in this matter Pigeon Lake will later be heard from.

From Pigeon Lake he drove to Battle Lake. The valley of the Battle River is a beauty spot, and Battle Lake a very fine sheet of water. Both lake and valley struck Mr. Young as being about as pretty spots as he had ever visited in the North West.

VERMILION CAMPAIGN

Colonel Sam Hughes and the "Independent" Candidate Campaign Together and Get the Worst of it.

Mannville, Oct. 26.—There was an interesting political meeting in Vermilion last Wednesday evening. Mr. Macaulay and Frank Fane, respectively the Liberal and Independent Conservative candidates for the Vermilion district held a joint debate before the voters of the new and booming town. Especial interest was attached to the performance by the presence and active participation of Col. Sam Hughes, M. P. for Haldimand, Ont. Mr. Fane evidently did not know that Col. Hughes owns two townships here, for the chief point he impressed upon his audience was the desirability of heavily taxing land in the hands of speculators.

When Col. Hughes made his address, he "went for" Macaulay on the school question, but our veteran assemblyman defended himself most ably, and held to his advocacy of the so-called Separate Schools as being the right and natural inheritance of the new Province. Col. Hughes posed as a pioneer. "In '98," he said, "I came up through this country when no one was here. I was here before any of you." But Macaulay arose to say that in '79 when he camped on the present townsite, he lost his oxen, and hunted over much country before he found them again. "And," said he, "I didn't see Col. Sam Hughes here then."

In his recent visit to Mannville, Col. Sam Hughes said that the townsite was to be changed so as to be on his land instead of on the S. E. quarter of 25-50-5, where it is now surveyed out. In the meantime the merchants of Mannville are waiting to buy lots. It doesn't matter much here, so as to be settled before the winter sets in.

LOCAL

—The city council meet tonight.

—R. J. Hanson, contractor, is erecting an office on Second street, next to the Thistle rink.

—The exterior of the Grand Central hotel is being freshened up with a coat of two of paint.

—The Toronto Globe of Saturday last contains photos of the Lieutenant-Governor and Executive Council of Alberta.

—The amount of customs returns for the month of October is \$5479. Last year the receipts for the same month were only \$1,971.19.

—There will be a general committee meeting in the Liberal Club rooms tonight at 8 o'clock. A full attendance is requested.

—During October 419 cars travelled over the E. Y. & P. Of these 196 have been received from the C. P. R., and 223 delivered to the C. P. R.

—Alterations are being made at the Thistle rink. The present stage is being torn away and a complete up-to-date opera stage will be installed. The rink with its spacious auditorium and an improved and enlarged stage, equipped with good scenery, will be an excellent place for the entertainment of lovers of the drama and opera who reside in Edmonton.

—Calgary Albertan: F. W. Peters, freight traffic manager of the C. P.R., with headquarters in Winnipeg, arrived in his private car from the east last night on the delayed No. 1. On account of the delay in the arrival of the train, the delegation of the wholesalers section of the Board of Trade, which was to have conferred with Mr. Peters at 4 o'clock yesterday afternoon, had to be postponed until this forenoon. Mr. Peters spent last night in the city, meeting and chatting with the many friends he has in Calgary. On being approached by a representative of the Albertan last night he stated that he had nothing for publication at present on the freight rate question.

—Calgary Alberta: There has been considerable misapprehension and some misinformation regarding the conditions in the Glenmore school district, to which reference has been made upon the platform. The real estate of affairs are briefly as follows: Mr. Burns has for some time been paying school taxes to the Glenmore school district. He was informed by the trustees of that district that township 23 was in that district. He was also informed recently by the trustees of the Lacombe separate school that that township was within their district, as the boundaries seem to overlap, as both claimed the taxes for that district. Mr. Burns communicated some months ago with the department of education and received a reply that the department was not in a position to advise regarding which district was entitled to the taxes. He has not paid taxes this year to either school district, waiting a settlement of the matter by the district interests, which will probably be arrived at.

POLITICAL POINTERS

Peter Tallot, M.P., is the latest "victim" to be honored by a personal attack from the Calgary Herald.

A story is told of a man who caught a 'coon. On his way home he saw three boys who cast envious eyes upon it. So he said, "I'll give this 'coon to the boy who can give the best reason for the political belief that he holds." The first boy said, "I'm a Tupper Conservative because I believe he was right in 1908 on the Remedial Bill." The second lad replied, "I'm a Laurier Liberal, because his policy for the West is charity to all and malice toward none." The third boy answered, "I'm a Bennett opportunist of 'high ideals' and lofty principles because I want the 'coon'."

When the Calgary Herald points with pride to the good work done by Liberals in the past and places a tribute on the pier of Brown and Dorion, and Mackenzie and Lafontaine, one feels like saying: Are there no good Liberals today? Why were not the lives of these noble men prolonged, so that words of praise would come to some Liberals whom to see and know would be to love? The answer is not far away. If Brown and Dorion and Mackenzie and Lafontaine were living today, they would be revered today by the Tory press as they were when they were in the flesh. The post mortem praise of Liberals who have entered into their reward is merely a way that the Tory press has of expressing its utter abhorrence of living Liberals. An Englishman and an Irishman had an altercation and the Englishman said, "I know that you hate me, and I believe that if I were dead you wouldn't go to my funeral." "Well, as to that, I'll admit that I don't love you; but you're wrong about me not being 'willin' to go to your funeral. Sure, nothin' wud give me more pleasure."

Calgary Herald: The most startling feature in the above is the policy of the Ottawa Government to appropriate and sell 50,000,000 acres of land in the Territories to pay for the cost of the transcontinental railway from Winnipeg to Edmonton. Will the people of the west stand this?

A far more startling feature is that the Herald should think Alberta electors dense enough and ill-informed enough to believe this exploded story.

STRATHCONA WEDDING

A quiet, but very pretty wedding took place at the home of Mrs. Margaret Martin, Strathcona, yesterday afternoon at 2 o'clock, when her second daughter, Miss Annie, was united in marriage to Dr. Seymour Archibald, of Strathcona. Rev. David Fleming, pastor of the Presbyterian Church, performed the ceremony, and the bride was given away by her brother, Mr. Chester Martin. Lawyer Downs, of Strathcona, acted as the groom, and the bridesmaid was Miss Edith Martin, sister of the bride. The bride was charmingly attired in a blue travelling suit with white silk blouse. After the ceremony a dejeuner was served in the dining room. The happy couple left on the afternoon train for points in Manitoba, and on their return will take up their residence in Strathcona. The presents received by the bride were numerous and costly. The Presbyterian Church, of which Miss Martin has been organist for a number of years, presented her with a hand-embroidered set, with her name engraved thereon. The groom presented to the bride was a beautiful milk-trimmed Persian lamb coat, to the bridesmaid a manure set, and to the best man a gold locket.

STRATHCONA NEWS

Strathcona, Nov. 3.—Mr. Tucker has so far recovered from his recent illness to be out again. This energetic business man contemplates in the near future, to embark in the mercantile business in his new stand, Anderson avenue.

Mr. R. Palmer of Beaver Lake, south, is a guest at the Royal. He reports that his new residence is nearing completion and expects to be soon enjoying the presence of his family who are still residing in Uncle Sam's domain.

Messrs. Thompson and Forgan, who have been in town for some time, have just left for the Vermilion district, via Beaver Hills. They expect to locate in that neighborhood and to pass the coming winter in hunting and trapping.

Chas. Cropley foreman for J. Walter of the Strathcona lumber mills, leaves today for the timber limits about 100 miles up the river. Mr. Walter pur- poses getting out sufficient logs to make next season's lumber output total at least 8,000,000 feet of the manufactured article.

Dr. Archibald joined the ranks of the benedicts yesterday, when he led to hymen's shrine, Miss Fanny Martin, daughter of the late David Martin.

Rev. Mr. Fleming of town officiated at the interesting ceremony. The happy couple went south to spend their honeymoon.
